Secretary:

Dr. V.N. Varaprasad

Treasurer:

Dr. M.V. Chalapathi Rao

Joint Secretary:

Dr. Ankur J. Shah

Dr. Hirak Ray Choudhary

After back to back MSK USG training CMEs at different places in February and early March, rest of the March was a time that gave breathing period to the dedicated teaching brigade of MSS

But we don't believe in rest and that is evident by the schedule of April month starting with dedicated Hands On Cadaveric workshop at Bagalkot followed by CME at Pokhara – Nepal and then Shoulder course at Lucknow in end of April. There is one more Shoulder course being planned in Karad in coming months

There was overwhelming response of delegates for the Bagalkot workshop and we had to stop the registration a month before the workshop

ONLINE FIRST

Fig. 1 Conventional radiograph of the left knee (lateral view) showing a soft tissue shadow in the infrapatellar region

chondromyxoid matrix and few "dot-like" blood vessels. Immunohistochemistry was performed and the lesional cells expressed SMA and were immunoreactive for Desmin, CD 34 and S-100 protein. The features were in keeping with a fibroma of tendon sheath.

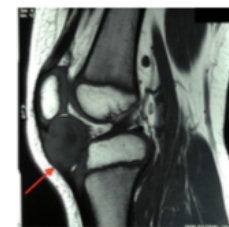

Fig. 2 Sagittal T2-weighted images of the left knee showing a well-defined soft tissue lesion (red arrow) in the infrapatellar region showing thick peripheral T1 enhancement rim with central hypointensity

Surgical excision of the lesion was subsequently performed via a midline incision and lateral parapatellar approach. An encapsulated, completely cystic synovial mass attached to the patellar tendon was seen and excised completely with focal excision of the patellar tendon as well (Fig. 5). Subsequent histopathological evaluation showed a circumscribed collagen-forming lesion with fibrils arranged in fascicles within a myxoid and hyalinized matrix. The lesion had slit-like compressed vessels, characteristic of fibroma of the tendon sheath (Figs. 6 and 7). The final histopathology thus further confirmed the diagnosis of fibroma of the patellar tendon sheath.

Discussion

Fibroma of the tendon sheath, first described by Geschickter et al. in 1949 [13], is a rare benign fibrocollagenous soft tissue tumor. The largest series to date on this tumor was of 138 cases and published by Chung and Eninger, in 1979, which described this lesion including its clinical and pathological features [4] in detail. These tumors arise mostly from the synovium of the tendon sheath [2, 3] but may also arise from the joint capsule because of their similar histological structure [14].

Fibromas most often occur in relation to the tendons of finger (47.9%), hands (24.8%), and wrist (10.3%) (approximately 80%) [4, 6, 9, 15]. Fibromas related to larger joints are rather rare [1]. Fibromas of the tendon sheath occurring around large joints, such as the elbows, shoulders, hips, knees, ankles, foot, temporomandibular joint, chest, and back, together have

Upcoming events of Musculoskeletal Society

Day 1, 6th April, Saturday

Scientific program

- ❖ 8:00 to 8:30 AM - Registration
- ❖ 8:30 to 9:00 AM - General introduction, techniques and medication - Dr.Srikanth
- ❖ 9:00 to 9:30 AM - Shoulder Interventions - Indications and techniques - Dr.Gaurav Sharma
- ❖ 9:30 to 10:00 AM - Elbow interventions-Indications and techniques - Dr.Samir PM
- ❖ 10:30 to 11:00 AM - Wrist interventions-Indications and techniques - Dr.Samir PM
- 11:00 to 11:30 AM - Inauguration and Tea break
- ❖ 11:30 to 12:00 PM - Hand interventions-Indications and techniques - Dr.Satish
- ❖ 12:00 to 12:30 PM - Nerves and infiltrations-Indications and techniques(Upper Limb) - Dr.Satish
- ❖ 12:30 to 12:45 PM - US guided foreign body removal - Dr.Gaurav Sharma
- 12:45 to 1:45 PM - LUNCH
- ❖ 1:45 to 2:15 PM - Live demo of anatomy of various Injection Targets- Shoulder
- ❖ 2:15 to 2:30 PM - Live demo of anatomy of various Injection Targets- Elbow
- ❖ 2:30 to 2:45 PM - Live demo of anatomy of various Injection Targets- Wrist
- ❖ 2:45 to 3:00 PM - Live demo of anatomy of various Injection Targets- Hand
- ❖ 3:00 to 6:00 PM - Hands on Interventions on Cadavers for all delegates - upper limb

7th April, Sunday

- ❖ 8:00 to 8:30 AM - Hip Interventions - Indications and techniques - Dr.Gaurav Sharma
- ❖ 8:30 to 9:00 AM - Knee interventions-Indications and techniques- Dr.Srikanth
- ❖ 9:00 to 9:30 AM - Ankle and foot interventions-Indications and techniques - Dr.Srikanth
- ❖ 9:30 to 10:00 AM - Nerves and infiltrations-Indications and techniques(Lower Limb) - Dr.Gaurav Sharma
- ❖ 10:00 to 10:15 AM - Live demo of anatomy of various Injection Targets- Hip
- ❖ 10:15 to 10:30 AM - Live demo of anatomy of various Injection Targets- Knee
- ❖ 10:30 to 10:45 AM - Live demo of anatomy of various Injection Targets- Ankle
- ❖ 10:45 to 11:00 AM - Live demo of anatomy of various Injection Targets- Foot
- 11:00 to 11:15 AM - Tea Break
- ❖ 11:15 AM - 1:45 PM - Hands on Interventions on Cadavers for all delegates - Lower limb
- 1:45 PM - 2:45 PM - LUNCH
- ❖ 2:45 PM - 5 PM - Hands on interventions on cadavers for delegates (Revision Upper and lower limb)

ORGANISING TEAM

- ❖ Organising Secretary : Dr. Gaurav Sharma, Asst.Prof, SNMC, Bagalkot
- ❖ Chief Advisor : Dr.Rudresh Halawar (Asst.Prof) & Dr.Jayshree (Prof and H.O.D, Radiology)
- ❖ Dr Mahesh Prakash (President, MSS)
- ❖ Dr Varaprasad Vemuri (Secretary, MSS)
- ❖ Advisors : Dr.Tukaram Rathod (Asst.Prof) & Dr.Chandalingappa Kuri(Asst.Prof)
- ❖ Chief Patron - Sri Dr.Veeranna Charantimath(MLA, Chairman,BVV sangha)
- ❖ Patrons
 - Sri Siddanna Shettar (G.C Chairman, Health Institutes, BVV Sangha.
 - Sri Mahesh N Athani (Hon.Secretary, BVV Sangha)
 - Dr.A.S.Mallapur (Principal, SNMC, Bagalkot)

REGISTRATION DETAILS :

- Course fee - 8000/- INR
- Registration closes on 20th March 2019
- Before making the payment, send a whatsapp message to +33755712359 or call on 9899012822 to confirm availability of remaining seats for the course.
- How to register:
Transfer By NEFT
Account number : 520101259333080
Bank name : Corporation Bank
Beneficiary Name : MUSCULOSKELETAL CADAVERIC INJECTIONS WORKSHOP
IFSC Code : CORP0002149
Once payment made, send your details including Transaction ID, your Name, Institution/Designation and City to bagalkotcadavericcourse@gmail.com
- Nearest airport to Bagalkot are Hubali and Belgaum, both 120 Km's away
- Nearest hotel to venue is hotel HariPriya, just 200 metres away from venue
- For Details contact : Dr.Gaurav Sharma, Mob : 9899012822
